Courthouse would be closed Friday July 3. Election Board Secretary David W. Neely Jr. stated that he would like to recognize Charlie Hicks for serving the county for many years. Charlie Hicks stated he would like to thank District #2 for all the work they have been doing on the roads. Sudoku uses pure logic and requires no math to solve. It is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the number 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once.
