Sudoku uses pure logic and requires no math to solve. It is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the number 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once.

AGENDA #7- A motion was made by Commissioner Callihan and seconded by Commissioner Poindexter to open the floor for new business. Roll call: Commissioner Callihan-yes; and Commissioner Poindexter-yes. Motion carried. Poindexter presented copies of estimates from Advanced Tech for security cameras at the fairgrounds for their perusal.

AGENDA #8- A motion was made by Commissioner Callihan and seconded by Commissioner Poindexter to hear Human Resources report by HR Director Vicki Cossairt. Roll call: Commissioner Callihan-yes; and Commissioner Poindexter-yes. Motion carried.

Cossairt said she was prepared to do some hiring process education, but since the only elected officials present are the officers, she will wait until more of the electeds are present.

AGENDA #9- A motion was made by Commissioner Callihan and seconded by Commissioner Poindexter to discuss with possible action soliciting bids for sealer on the fair barn floor. Roll call: Commissioner Callihan-yes; and Commissioner Poindexter-yes. Motion carried.

Callihan said since the phone quotes he got are so close to the $50,000 bid limit, he thinks the job should be bid. Since the construction company warranty is good until October, he wondered if Myers-Cherry might handle the bids since they already have the specs. Poindexter asked Callihan to get the bid specs from MCC.

AGENDA #10- A motion was made by Commissioner Callihan and seconded by Commissioner Poindexter to discuss with possible action courthouse security. Roll call: Commissioner Callihan-yes; and Commissioner Beck-yes. Motion carried.

Barnes said this is a continuation of the discussion last week to move the employee card reader entrance to the front door. She reiterated BOLT will move the card reader for $750. She said the touch pad is messed up in the D. A.'s office, but it has a different provider. She asked Pewitt if he would like BOLT to look at their card reader. He said yes. Callihan suggested keeping the side entrance as a second walk-through door on days when a lot of people will be coming in for jury selection. Cossairt said on the estimates, one option for $2,000 is to leave the side entrance and disable it, plus put a new reader on the front door. Reeves said magnetic locks can be installed on all the doors besides the entrance that will open only if the fire alarm is tripped. Cossairt said the sheriff found some door alarms that can only be disabled with a key. Barnes said she needs to nail down prices for all these options. She will ask BOLT to come meet with Reeves and the commissioners.

AGENDA #11- A motion was made by Commissioner Callihan and seconded by Commissioner Poindexter to sign 308 apportionments.

Federal investigation targeting poached black walnut trees

A Grove man remains in the Delaware County Jail following arrests tied to a federal investigation. Joseph North-Anderson, 23, remained in custody Friday. Officials said no bail had been set.

The federal investigation is believed to involve the illegal harvesting of black walnut trees. The U.S. Fish and Wildlife Service has not confirmed details about seven raids conducted Thursday in Delaware, Ottawa, and Nowata counties.

Others arrested in connection with the investigation were later released after posting bail. They include Kendell Jackson, 43, of Wichita, Kansas, and Cody Blevins and Devan Cramer, both of Grove.

The agency released the following statement:

"Illegal commercialization of American natural resources undermines lawful trade and damages American businesses. The U.S. Fish and Wildlife Service's Office of Law Enforcement works with federal, state, tribal, and local partners to investigate violations of natural resource laws and helps ensure these resources are protected against exploitation and illegal extrication."

The Grand River Dam Authority also assisted with the raids. Timber harvested from GRDA land could constitute a federal crime.

Agents with the U.S. Fish and Wildlife Service's Office of Law Enforcement were also seen Tuesday at Missouri Walnut, a lumber production facility in Neosho, and D and D Hardwoods in Seneca.

Local veteran receives new home through Homes For Our Troops

Army Specialist Billy Chandler (left) and his family at the site of their future home.

Billy Chandler joined the Army in 2004 to carry on his grandfather's legacy of military service, and find his own way in life.

"From elementary through freshmen year in high school I was raised around Afton, and then moved up to North Miami and went to school in Commerce. And dropped out there," Chandler said with a laugh. "You know, young and dumb. But then I realized my life wasn't going anywhere. My grandpa had served, my dad had served, so I knew that was something I always wanted to do. So I went and got my GED and enlisted after 9/11."

Specialist Chandler served in the U.S. Army for four and a half years before he got hurt. On March 27, 2008, on his second combat deployment, he was on a patrol as a fire support specialist with the 1st Battalion, 21st Infantry Regiment, 2nd Brigade Combat Team, 25th Infantry Division in Abu Ghraib, Iraq, when his vehicle was struck by a command detonated improvised explosive device (IED). He sustained the loss of his left leg below the knee, severe damage to his left thigh, back injuries, and shrapnel damage to his left wrist and hand.

He was airlifted to Baghdad International Airport before transferring to Landstuhl, Germany, for additional treatment. Stateside, he underwent numerous surgeries and extensive rehabilitation at Brooke Army Medical Center in San Antonio, Texas.

Specialist Chandler will soon have a new place to call thanks to the national nonprofit organization Home For Our Troops (HFOT). HFOT is a publicly funded 501(c)(3) nonprofit organization that builds and donates specially adapted custom homes nationwide to severely injured post-9/11 veterans to "enable them to rebuild their lives."

"Many of these veterans have sustained life-altering injuries including multiple limb amputations, partial or full paralysis, and/or severe traumatic brain injury (TBI)," said a HFOT representative. "These homes restore some of the freedom and independence our veterans sacrificed while defending our country, and enable them to focus on their family, recovery, and rebuilding their lives."

A Community Kickoff Rally was held Saturday, July 18, complete with an escort from the Combat Veterans Motorcycle Association (CVMA) from Miami High School to First Assembly of God Church – Pentecostal on Steve Owens Blvd. The event marked the start of the building process for a specially-adapted, custom home that will be donated free of charge to Specialist Chandler.

"I'm honored and it's truly a blessing in more ways than one," said Chandler. "Everybody's come out to support this event and really be there and show their support. I'm truly grateful. You can never repay something like that. Gratitude sometimes just doesn't seem enough, but all you can say is 'thank you'."

"Thank you for allowing me to improve my family's life," he said. "It means a lot to know that the sacrifices I, and others, have made are not forgotten."

HFOT said each of their custom homes are equipped with over forty major special adaptations and exceed ADA standards to provide full accessibility for the veteran. These adaptations include wider halls and doorways; automatic door openers; roll under sinks, stove tops, and counters; pull down shelving, generators, and safe rooms; all designed to help the veteran live independently.

Billy and his wife, Bridget, said they love cooking and spending time with their five children. In their current non-adapted rental home with narrow hallways and doorways, Billy is unable to rest and recover in his wheelchair. A specially adapted custom HFOT home with a barrier-free environment will give him access to every room.

"The open floor plan and wider doorways will allow me to utilize my wheelchair more when my leg hurts, which I can't do in my current home," said Chandler.

Originally from Oklahoma, he is choosing to remain in his home state and would like HFOT donors and supporters to know he is grateful for their generosity and support.

CVMA is an association of combat veterans from all branches of the United States Armed Forces who ride motorcycles as a hobby. As a registered 501(c)(19) veterans' charity, their mission is "to support and protect those who have defended our country and our freedoms."

Chandler is a member of CVMA Chapter 10-5 based in Grove. The chapter and their Auxiliary members led the escort, along with the Miami Police and Fire Departments, Saturday morning. Chapter Commander Scott Cox said they were joined by riders from all across the state.

"Normally when we get together to do an escort it's for a funeral, which is an honor to do, but it means we lost another one," said Cox. "To be able to get together and ride for something like this, it's just really amazing."

Since HFOT's inception in 2004, nearly ninety cents of every dollar spent has gone directly to their program services supporting veterans. HFOT has built 441 specially adapted custom homes, with 69 ongoing projects, and another 1,800+ veterans who may qualify. For more information, visit hfotusa.org.
